

Sweeping Tube Slide 2100

The Play Works sweeping tube slides are a favourite for children and fit in to most project requirements. They provide a big thrill as they incorporate fast acceleration with a gentle bend. They suit taller structures and all our sweeping slides can be adapted to bank left or right from the entry panel. Our Sweeping slide 2100 will fit a structure height of up to 2200. Please see our other Sweeping slide options to accommodate different platform heights.

Specifications

Code: SLD005

Age range: 2-12 Years

Max fall height: 1m

Minimum fall zone: approx. 5m²

Equipment size: approx. 8m²
