

# Sweeping Tube Slide 4200

The Play Works sweeping tube slides are a favourite for children and fit in to most project requirements. They provide a big thrill as they incorporate fast acceleration with a gentle bend. They suit taller structures and all our sweeping slides can be adapted to bank left or right from the entry panel. Our Sweeping slide 4200 will fit a structure height of up to 4300. Please see our other Sweeping slide options to accommodate different platform heights.

## Specifications

Code: SLD007

Age range: 2-12 Years
